PROFESSIONAL EXPERIENCE

Game analyst

Berlin Recycling Volleys　　📅 2019 - 2023　　📍 Berlin
🔗 https://www.berlin-recycling-volleys.de/

As a game analyst, I collected and analyzed data to develop game strategies, working closely with the coaching staff. Recognizing opportunities for automation in my workflow, I took the initiative to learn Python, resulting in improving efficiency, and deepening my passion for coding.

PROJECTS

EcoSphere

🔗 https://github.com/RZajacc/EcoSphere

Stack: Next.js, Typescript, TailwindCSS, Node.js, Express.js, PostgreSQL, Google Cloud Storage

- Meetup inspired application, for sustainability-focused events
- Implemented Typescript across all layers of the application
- Designed and built RESTful API to manage applications content

TotArt

🔗 https://tot-art-v-2-0.vercel.app/

Stack: Next.js, TypeScript, TailwindCSS, Node.js, Express.js, MongoDB, JWT

- Built a platform where users can share places worth visiting
- Integrated responsive, mobile-first design with Tailwind CSS
- Implemented Typescript across all layers of the application
- Designed and built RESTful API to manage applications content
- Implemented middleware based authentication with JWT Tokens

Codask

🔗 https://github.com/helene-abiassi/CodaSk

Stack: Next.js, Typescript, TailwindCSS, Node.js, Express.js, MongoDB, GraphQL

- Contributed to a collaborative GitHub project, that aims to build a platform where users can post code-related questions and seek guidance
- Implemented a Figma design, gaining valuable experience in translating UI/UX designs into functional interfaces
- Built GraphQL API to reduce the amount of data being queried from the database

ForkIt

🔗 https://forkitorleaveit.netlify.app/

Stack: React, TypeScript, Sass, Firebase

- Built a culinary blog-style platform using Spoonacular API
- Implemented Google Firebase as application backend to store user data and authorize users
- Built responsive mobile-first design using Sass

SUMMARY

Full Stack Developer with hands-on experience in React, Node.js and Python. Passionate about building responsive web applications and learning new technologies. Skilled in developing RESTful APIs, troubleshooting issues, and writing clean, efficient code.

SKILLS

Front-end

Next.js　React　TypeScript　JavaScript
TailwindCSS　Sass　CSS　HTML

Back-end

NodeJS　Express.js　Python　MongoDB
Mongoose　PostgreSQL　GraphQL
Firebase

Development & Operations

Unit Testing　Jest　Vitest　Webpack
Git　Github　Scrum

EDUCATION

Full Stack Web Development

Code Academy Berlin
📅 07/2023 - 12/2023
📍 Berlin
- MERN as a leading technology stack
- Following Agile Scrum Methodology

Computer Science

University College of Enterprise and Administration in Lublin
📅 2016 - 2018
📍 Lublin, PL

MA Physical Education

Academy of Physical Education in Katowice
📅 2006 - 2011
📍 Katowice, PL
